CHORAL CHAMBER ENSEMBLE- Mixed Chorus--Chorale

If you want a taste of a little bit more refined and difficult literature—this is the course for you. Many of us desire to take our talents to that next level—we have designed this course to specifically fulfill that need. We will look at literature that goes more toward the collegiate level of difficulty and stretches the performer in music reading and vocal technique. You will enjoy the challenges that you face and the accomplishment that you feel at each performance. Literature will range from contemporary to classical to folk in nature.

Charger Chorus "INTERMEDIATE CHORUS"

This is for that student that loves choir- wants to continue to grow in musicianship and understanding of being a great ensemble singer, but does not have the time for much out of school rehearsal. This choir will focus on literature at an intermediate level. You will continue to learn and grow in your knowledge of music and vocal technique. Opportunities to perform in the community are presented during the school day in the way of field trips.
